YTTRANDE

Angående arrangemanget Football People Action Week 2014 som kommer att anordnas lördag 20141025 på Lärkans konstgräs.

En ansökan har inkommit från Föreningen Pride Sports Africa att arrangera en fotbollsturnering på Lärkans Konstgräs lördag 25:e oktober. De har för avsikt att återkomma med arrangemanget kommande år men är väldigt angelägna att med kort varsel redan detta år genomföra arrangemanget för att befästa turneringen men också Sala som arrangörsort.

Efter en reviderad budget så äskar de bidrag med 13763 kr för arrangemanget.

Vi föreslår ett beviljande med 12000 kr plus gratis planhyra för arrangemanget då arrangören med turneringen och tillhörande workshops arbetar för att öka förståelsen för minoriter i vårt samhälle och för de mänskliga rättigheterna.

Vi ser också gärna att ett sådant arrangemang får fäste i Sala med återkommande turneringar/wokshops i ett alltid lika aktuellt ämne.

Summary of the project's aims:

THE FOOTBALL PEOPLE ACTION WEEK BRINGS TOGETHER TEAMS AND FUNS IN A UNIFIED STAND FOR INCLUSIVITY AND EQUALITY IN THE GAME.

Description of the project

Football People Action Week is an annual sports campaign initiated by FARE a human rights organization in UK that empowers minority groups through sports. This campaign is aimed to engage the communities to celebrate and appreciate the inclusivity of minority groups in our societies. This one day innovative event which will be characterized with a number of activities including

- Football competitions (for minorities groups including refugees and immigrants)
- Inclusivity & Equality workshop (attended by participants, partners and public)
- Recap of the sports event, speeches and awards to the participated teams and groups)

The campaign is spearheaded by Pride Sports Africa alongside its partners. We are bridging the gap between minorities and majority because it is essential for our communities to integrate through learning about different cultures. Through such social events we create a united society that celebrates and appreciate everyone's culture, religion, sexual orientation gender identity and political affiliation.

During the football match, there will be 4 to 6 mixed teams of 7 players that will compete to select the last 2 teams that will come to the final stage of the competition and the winner will have an award.

Football People Action Week Campaign will be an annual continuous activity that will draw even more participants and fans as it grows hence more creating more human rights awareness and building integration for our communities for minority persons. Teams and athletes from this

Football People Action Week

Connecting Through Sports

campaign will also have a chance to achieve the following.

Discovery of talents among minorities and different cultures

Formation of minority sports team and encourage engagement with majority teams.

Formation of tournaments to promote and encourage celebration of cultures of minorities.

Provide a platform for collaboration of diverse cultures in our communities and encourage cultural exchange programs.

PSA under direct partnership with other LGBTIQ organizations will organize a sports event to commemorate the **International day against Homophobia and Transphobia (IDAHOT)** annually. During this event we shall carry out a sports forum under the subject Kick Homophobia out of Sports and also hold football match with a guest team and 5km marathon with the theme Run for Freedom.

2. Vision and Mission of PSA

Mission:

To promote talent, peace, tolerance and celebrating diversity through sport.

Vision:

Pride Sports Africa envisions:

- To develop and promote LGBTI persons and activists in sports.
- Empowering Information sharing and teams formation, through talent scouting, training, grooming.
- To build self-esteem, and productivity.
- To improve health and wellness of as well as participation of LGBTI immigrants in the development process.

Objectives and activities of the initiative

- a) To improve the self- esteem of marginalized and racialised African lgbti persons and activists.
- b) To stimulate learning and an interactive environment for African LGBTIQs and other individuals.
- c) To monitor and advocate for inclusion of racialised and marginalised LGBTI persons in sports, and inform new and similar initiatives in other countries.
- d) To ensure safety, health education through sports and talent development for all persons.
- e) To establish accurate information based on practical implementation of lessons learnt in all our operations.
- f) To promote sustainability, cost-effectiveness and accountability for supported activities.

Activities:

- a) Talents, sporting and recreation development
- b) Campaign against homophobia and discrimination through sports events
- c) Participation in local and international sports tournaments and events.

Future Plans:

Our future plans are based on the following areas of cooperation and partnerships:

1. Access the services of PSA technical persons as volunteers to work in institution capacity building at all levels of the organization.
2. Develop a fundraising strategy to address both local and external fundraising opportunities, so as to have in place a consistent system to enable prompt raising of funds for the programs.
3. Enter into various types of networks with both national and international agencies and partners, to share experience and resources in order to implement various sustainable development programs in the communities we work with.
4. Conduct capacity building training to our partners at the grassroots to be empowered to effectively manage the various initiated development projects for our beneficiaries.

Management Structure

DESCRIPTION OF THE ORGANISATION

Short history of the organization

Pride sport Africa is sports initiative formed by and for LGBTIQ persons and Refugee immigrants living in Sweden. The reasoning behind it being to promote diversity, integration and sportive talents amongst LGBTIQ persons and Refugees who are mostly survivors of homophobic and transphobic violence.

To engage in human rights activism and advocacy through participation in workshops, seminars, prides, parades and hold annual events like International Day Against Homophobia and Trans phobia.

Currently we are mobilizing in Stockholm and so far have teams for soccer, pool and volleyball. Plans are afoot to get more people from various counties to adopt similar initiatives.

As former UN Secretary General Kofi Annan states: "Sport is a universal language. At its best it can bring people together, no matter what their origin, background, religious beliefs or economic status." With the realization that sport promotes bonding in society and overlooks all barriers from social to economic, we deemed it fit to leverage sport as a way to proactively engage with communities on issues affecting LGBTIQ individuals.

PSA values transparency and accountability, delivering high impact, sustainable and high quality services, encouraging learning and innovation, and the spirit of voluntarism. PSA believes in community participation and improvement of the ability of marginalized people to assess and to analyze their situation, and take informed decisions and actions for empowering LGBTIQ persons and Refugees. We target mainly marginalized and LGBTIQ persons from Africa living Sweden.

Since the inception of PSA, we have become members of the biggest LGBTIQ sports organizations such as **International Gay and Lesbian Sports Association (GLISA)** and **European Gay and Lesbian Sports Federation (EGLSF)**. We have jointly participated in major international events for LGBTIQs notably; **FVVXmas tournament 2013 in Frankfurt Germany** and **the Glam Cup 2014, Krakow Poland**.

Currently we are organizing and preparing for a bigger participation in the Pan Games 2014 Copenhagen and Euro Games 2015 Stockholm.
